BIGGEST PICNIC AT BUCKROE BEACH

American Locomotive Employees to Revive Old Custom There on July 23.

What promises to be the mammoth picnic of the year will take place at Buckroe Beach on July 23, when the 4,500 employees of the American Locomotive Company, their families and friends, will have an all-day outing. This revives an old custom. Preliminary arrangements were made yesterday in the office of the assistant manager of the company, when James H. Bradley was made chairman of the picnic committee, and John A. Stubs, secretary and treasurer. The meeting was held upon the invitation of the assistant manager, several men from each department being present.

The day at the seashore is to be filled with interesting events for the amusement of the great crowd that will be there on that occasion. Already plans are being made by the entertainment committee for athletic games, races and a baby show. Many features that will add to the enjoyment and pleasure of the picnic attendants will be on the program.

From one standpoint this picnic will be very much like a big family reunion, for the children and grandchildren of the employees of the plant will be there in large numbers. The indications are that every employee will be there, and that, if he has a family, every member of it will go along, too.

There are more than 3,500 men on the day shift in the American Locomotive Works and more than 1,000 on the night shift. Practically all of these will be at Buckroe Beach to enjoy keenly their annual outing.
